

CENTENNIAL CAMPUS

NC State's award-winning Centennial Campus enables proximity to world-class researchers and career-ready students, providing a rich environment for innovative thinking, real-world problem solving and cutting-edge research and development. No other research campus in North America offers this unique mix of corporate and university buildings, housing and dining options, and outdoor amenities, such as a championship golf course, walking and biking trails, a hotel and conference center, and a public lake.

Centennial Campus is home to more than 70 companies, government agencies and nonprofits, all benefiting from direct access to some of the nation's top university programs in engineering, textiles and veterinary science, in addition to numerous other departments and institutes. This density of knowledge fosters creative thinking that leads to new products and ideas.

As a partner co-located on Centennial Campus, you can:

- > Join a collaborative community of industry, government and academic leaders five minutes from downtown Raleigh within North Carolina's Research Triangle region
- > Access world-class faculty, subject matter experts and emerging talent, as well as state-of-the-art equipment, labs and facilities within walking distance

15,000

average daily population on Centennial Campus
consisting of students, faculty, staff
and partner employees

70+

corporate, government and nonprofit partners
co-located alongside an equal number of
academic departments and units

**“What we want is access to world-class talent
that is able to solve new problems with
advanced technologies. That is uniquely what
we have access to here on Centennial Campus.”**

— Jeff Pfeifer, VP Product Management in North America, LexisNexis
